# ABOUT LIANVISMAN

**Our team at Lian Visman is composed of expert shippers, logistics consultants, and technologists who have united with a common goal of revolutionizing the shipping industry.**

**Utilizing our own personal experiences, we have shaped a technology platform that prioritizes speed, efficiency, and transparency.**

**By partnering with Lianvisman, companies can ship their goods on their own terms..**

# VALUES

**We believe in innovation, Transparency, Responsibility, and Fairness.**

**We consider long-term partnerships and sustainable logistics solutions that satisfies all involved parties in the supply chain**

# MISSION

Support international shippers to transit their cargo through Iranian territory with full confidence.

Supporting project cargos for pharma, gas, oil, automotive, tile, food, and steel industries.

Deliver logistics solutions for obstacles shippers and buyers face when doing business with Iranian partners acting as a trustable partner for shipowners and liners that call Iranian ports.

# VISION

To be the partner of choice in the transportation industry recognized for delivering effective and seamless solutions to our Principals and Customers.

Also, Be seen as an honest and trustworthy business partner who has a real desire to add value to customers' business and products.

# SHIPPING AGENCY

**Our shipping agency provides full services in all Iranian ports, ensuring your interests are always taken care of no matter where in the world you do business.**

**We combine on-the-ground local knowledge and expertise with our accurate operational standards to ensure your vessel, container, or cargo is handled efficiently during port calls.**

**This makes your everyday life more convenient, and we also offer workshops and online tools to assist you. You can rely on us to consistently provide high-quality service..**

# SEA FREIGHT

**Lianvisman provides innovative logistics services for international maritime transport, ensuring the precise organization and execution of top-quality export or import consignments.**
